

Notes re costs of the Mainland China: Provisional Atlas of Communist Units

The following estimates to produce the atlas -- from Printing and Services Division:

1. Total cost to produce 300 bound copies
25X1A1a (To date [REDACTED] of this has been expended.) 25X1A1a [REDACTED]
2. To produce more than 300 bound copies on
the same press run, it is estimated to cost 25X1A1a [REDACTED]
per copy.
3. Although no estimate of cost to run additional
unbound copies for Map Library distribution
was made, it is believed the total of [REDACTED] 25X1A1a
above would be increased only slightly.
4. If rerun by GPO for Superintendent of Documents
distribution, the Printing and Services Division
25X1A1a estimates the GPO cost would be approximately
[REDACTED] for 300 copies. This is predicated on
our supplying GPO with negative materials and
recognizing the increased cost of their operation.
